OBJECTIVE

Dynamic Front-end Developer with expertise in HTML, CSS, JavaScript, Vue.js, and AJAX, complemented by knowledge in PHP and MySQL for full-stack capabilities. Proficient in web design and interactive media, I specialize in creating responsive, user-centric web applications. Eager to apply my diverse skillset and design acumen in a vibrant team environment to drive innovative web solutions.

CAREER SKILLS

Front-end Development: Proficient in HTML, CSS, JavaScript, Vue.js; knowledgeable in AJAX for dynamic web applications.
Back-end Technologies: Basic knowledge of PHP and MySQL for database management.
Design Tools: Comprehensive expertise in Adobe Creative Suite (Photoshop, Illustrator, XD, After Effects) for UI/UX design and video editing.
Content Management: Skilled in using CMS for website content updates and management.

EDUCATION

Masters of International Education   **Completion: June 2017**
Southwest University, China

Diploma of Interactive Media Design   **Expected Completion: April 2024**
Fanshawe College, London, ON

RELEVANT WORK EXPERIENCE

Academic Administration
University of the Elderly, China   2018-2022
- Collaborated with students to better understand their needs in order to develop user-friendly design solutions for university media platforms
- Created wireframes, mockups, and prototypes by utilizing Adobe Creative Suite for new features and improved functionality
- Supervised the media platforms and provided administrative support, which improved the teaching and recruitment outcomes at the university
- Interacted with students and provided information about courses and programs to ensure student satisfaction
- Assisted with registration at the front desk while handling phone calls and in-person visitors.

PROJECTS

Online Registration System for the University of the Elderly
Developed an online registration system with HTML, CSS, JavaScript, Vue.js, and PHP, featuring a user-friendly interface and database integration.

Foundation Sixty6
Created a website focusing on youth mental health, using HTML, CSS, JavaScript, Vue.js, and PHP, with a CMS for content management.

INTERNSHIP EXPERIENCE

Social Media Coordinator
London International Students, London

Managed social media content, enhancing online presence and engagement.

VOLUNTEER EXPERIENCE

Volunteer
London Museum

Supported museum operations and visitor engagement.
